

Dentists with Enhanced Skills (DES) in Oral Surgery

Applicant Name:

Use the table below to mark the evidence as satisfactory or not satisfactory and record assessor comments

Section 1: General Evidence

To apply to for DES in Oral Surgery accreditation, dental practitioners must normally have at least 7 years' post qualification experience

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
E	BDSorequivalentcertificate (includeanynecessaryORE documentation)	☐	☐	
E	GDC registration certificate (in good standing with the GDC, see separate declaration)	☐	☐	
E	Evidence of correct indemnity to provide Tier 2 services	☐	☐	
E	Performer number	☐	☐	
E	Curriculum Vitae, which should include- - Oral Surgery/OMFS clinical posts held with dates, duration and supervising staff - Provision of teaching and training - Engagement with clinical governance - Involvement in relevant committees and specialist societies	☐	☐	
E	Personal statement briefly explaining motivation to apply for the position of DES in Oral Surgery and career plans	☐	☐	

D	IACSD sedation qualified and accompanying evidence*	☐	☐	
D	Relevant post qualifications and accompanying evidence	☐	☐	

Section 2: Relevant Clinical Experience

Your logbook should be available if requested to check through this evidence

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
E	Summary of (supervised/unsupervised) level 1 oral surgery procedures in the last 2 years	☐	☐	
E	Summary of (supervised/unsupervised) level 2 oral surgery procedures in the last 2 years (application for 2 accreditation)	☐	☐	
D	Summary of (supervised/unsupervised) level 3 oral surgery procedures in the last 2 years (application for 2 accreditation)	☐	☐	

Section 3: Evidence of competence (the last 2 years)

Gaps in an applicant's clinical experience might mean accreditation with restrictions is advised
(for example, if a candidate is not IACSD sedation trained, their accreditation would be limited to LA only)

Minimum No of Cases Expected	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
Standard extractions and surgical extractions				
250	Management and extraction of erupted tooth/teeth, including those close to the sinus	☐	☐	
150	Surgical removal of teeth or roots, including those close to the sinus	☐	☐	
Lower wisdom teeth				
60	Management and extraction of erupted uncomplicated lower third molars			

30	Management and surgical extraction of lower third molars • Involve soft tissue only • Involve division and/or bone removal • Be close within 2mm on x-ray to the inferior dental canal	☐	☐	
No min	Coronectomy of third molar, all procedures (<i>Desirable</i>)	☐	☐	
Other oral surgery procedures				
No Min	Apicectomy of single-rooted anterior teeth where root canal is adequately obturated (<i>Desirable</i>) **	☐	☐	
No Min	Removal of simple erupted supernumerary teeth (<i>Desirable</i>)	☐	☐	
No Min	Surgical exposure of tooth via buccal/labial approach +/- bonding of orthodontic bracket (<i>Desirable</i>) **	☐	☐	
Pathology				
5	Enucleation of non-suspicious radicular (periapical) cysts not likely to compromise major nerves (<i>Desirable</i>)	☐	☐	
15	Excision of nonsuspicious lesion of oral soft tissues; for example, denture induced hyperplasia, fibro-epithelial polyp, or mucocoele (<i>Desirable</i>) **	☐	☐	
No Min	Drainage of dentoalveolar abscess via intra-oral approach	☐	☐	
Management of complications				
5	Closure of oro-antral communication or fistula	☐	☐	
No Min	Management of hemorrhage following tooth/teeth extraction	☐	☐	
No Min	Placement of an uncomplicated dental implant in accordance with NHS protocols, all procedures **	☐	☐	
** It is expected that some candidates may not have experience in these fields				

Section 4: Evidence of clinical skills at Level 1 and 2a Oral Surgery
(Choose Path 1, 2 or 3 depending on which is most appropriate for you)

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
Path 1- Candidates with recent supervision as part of an Oral Surgery post				
E	A minimum of 10 Directly Observed Procedures (DOPs) signed off by an OS / OMFS specialist or Consultant, Oral Surgery Specialist or Tier 2 Clinical Lead	☐	☐	
E	5 Case Based Discussions (CBDs) of relevant cases signed off by an OS / OMFS specialist or Consultant, Oral Surgery Specialist or Tier 2 Clinical Lead	☐	☐	
E	5 Procedure Based Assessments (PBAs) of relevant cases signed off by an OS / OMFS specialist or Consultant, Oral Surgery Specialist or Tier 2 Clinical Lead			
E	A reflective log of the challenging or unusual cases and significant events with discussion of learning	☐	☐	
Path 2- Candidates may also offer experience-based evidence of competence, such as:				
E	Working under direct supervision with a consultant Oral Surgeon or Oral and Maxillofacial Surgeon in secondary care (minimum of one session per week; 46 weeks per year) or the equivalent.	☐	☐	
E	Working under direct supervision with a Specialist Oral Surgeon in primary care (minimum of one session per week; 46 weeks per year) or the equivalent. Experiential evidence offered, by way of clinical attachments for example, must be presented in a professional portfolio and accompanied by an appropriate reference from the supervising specialist. If this experience took place in secondary care, honorary clinical contract or similar should be included.	☐	☐	
Path 3- Candidates who are already working autonomously in practice may offer evidence of competence, such as:				
E	A reflective log of at least 50 challenging or unusual cases and significant events with discussion of learning	☐	☐	

E	A strong history of oral surgery positions working as part of a larger team, or during a post qualification (<i>evidence of past supervised cases in these positions desirable</i>)	☐	☐	
---	---	--------------------------	--------------------------	--

Section 5: Professional, leadership and management skills

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
E	Audit or QI (at least two cycles including reflection and evidence of the changes implemented)	☐	☐	
E	Equality and diversity training	☐	☐	
D	Quality Improvement Training (for example completing Bronze Quality Improvement Skills Training)	☐	☐	
D	Leadership and management experience (for example, committee experience, positions of responsibility held, or completion of appropriate courses such as Edward Jenner Leadership Program)	☐	☐	
D	Appraisal and peer review (for example attendance at a journal club or relevant CPD certificate)	☐	☐	

Section 6: CPD Log

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
E	CPD Log	☐	☐	
E	Evidence of oral surgery appropriate CPD which links to the expected competencies of a level 1 and 2a practitioner.	☐	☐	

E	PDP with relevance to refreshing/extending Oral Surgery skills	☐	☐	
---	--	--------------------------	--------------------------	--

Section 7: Optional Supporting Evidence

(Although not essential, candidates may wish to submit some or all the following as evidence to strengthen their application)

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
D	Details of current clinical activity: • Timetable • Brief description of activities • Use of study leave • Teaching activities	☐	☐	
D	Evidence of maintaining good clinical practice: • Record of courses attended with reflections • Study Day Log with reflections • Clinical governance activities	☐	☐	
D	Evidence of good working relationships: • Evidence of good relationships with patients e.g., thank-you cards etc. • Multi Source Feedback e.g. 360° • PREMS / PROMS	☐	☐	
D	Record of teaching activities: • Peer review of teaching • Feedback from students or other trainees • Commendations	☐	☐	
D	Other awards and achievements relevant to Oral Surgery	☐	☐	

Section 8: References

(One of which should be an OS/OMFS specialist or Consultant, Oral Surgery Specialist or Tier 2 Clinical Lead)

Essential (E) Desirable (D)	Evidence Requirement	YES Evidence satisfactory	NO Evidence not satisfactory	Assessor's comment
E	Two up to date references confirming applicants' suitability to provide Tier 2 services in primary care	☐	☐	
E	References to include details on the applicant's: • Level of clinical skills and experience • Level of teaching/training/supervising ability • Personal qualities and communication skills	☐	☐	
* IACSD accredited course and logbook essential for treating oral surgery patients with sedation (potential accreditation with restriction) ** Geographical variations mean the accrediting panel may need to judge experience v suitability and in certain situations, place some restrictions on Tier 2 practice
